Chinook Fire Protection was formed in December of 2004, and is now celebrating its 21<sup>st</sup> year in business. With our in-house design capabilities and our knowledge of the Alaskan construction industry, we offer superior support and service for our customers. With over 40 employees, our goal is to be your low maintenance and cost-effective fire protection contractor of choice. We strive to be the industry leader in fire protection throughout the State of Alaska. We look forward to working with you and we thank you for choosing Chinook Fire Protection.

### ***Key Personnel Qualifications***

- Jeffrey Wilcheck, Operations Manager of Chinook Fire Protection, has over 32 years of experience in the fire protection industry. Jeff is NICET IV certified in Fire Sprinkler systems and NICET III in Special Hazards.
- Andy Bigalke, Design Manager of Chinook Fire Protection, has over 27 years of experience in the fire protection industry. Andy is NICET IV certified in Fire Sprinkler systems.
- Jerry Johnson, Contract Sales Representative, has over 36 years of experience in sales and management in the fire protection industry.
- Douglas (Hawkeye) Miller, Construction Manager, is a 669 Journeyman Sprinkler Fitter. Hawkeye strives to schedule both men, materials, and equipment on projects at the right time to meet the customer's needs.
- Kenny Yates, Alaska Service Superintendent. Manages service and inspection support staff covering Anchorage as well throughout Alaska providing sales, emergency service and inspections.
- Tyler Carlson, Fire Alarm Systems Manager, Sales, Service, Installation, Testing & Inspections.
- Bryan Maupin, Kitchen Hood, Fire Extinguishers, Sales, Service, Installation, and Inspection Manager.
- All contract foremen and journeymen are Local 669 members and have a minimum of five years of apprenticeship training. Most of our service technicians have over 15 years of experience working in the field. All carry the necessary State of Alaska certifications for sprinkler work, as well as backflow

and extinguisher certifications.

- Behind the scenes personnel that support all crew and project expectations. We appreciate them very much.
